

# Family Time

## Activities for all the family

A game to play together

**Have fun!**

Enfield School and Early Years Improvement Service are suggesting a range of activities that families, big and small can do together.

### **Create a one word story**

Make up a story, each player adding one word at a time.

Have fun by:

- deciding a theme
- banning certain words, for example proper nouns, or words beginning with a certain letter
- use a word that begins with the same letter as the one before for alliteration 'four funny foxes found fish from Franks food farm'
- use a word that begins with the last letter from the word before 'four round dishes smashed, dropped down near Rachel's step.'
